

If I were a....

If I were a plane  
I would fly around the huge round world  
And see all the wild wildlife that has not been found

If I were a plane  
I would be like a shooting star moving as fast as light  
And whiz through the dark skies as silent as mice

If I were a plane  
I would touch the tip tops of the towers  
And go so low I would be touching the ground

If I were a plane  
I would fly over the Pacific Ocean and spot sea monsters  
And gradually feel the wisp of the cloud fingers
