05 June 2009

Dear Parents,

As part of the school's education programme we offer pupils supervised access to the Internet. This allows student access to a large array of online educational resources that we believe can greatly enhance students' learning experience.

However, access to and use of the Internet requires responsibility on the part of the user and the school. These responsibilities are outlined in the school's Acceptable Use Policy (enclosed). It is important that this enclosed document is read carefully, signed by a parent or guardian and returned to the school.

Although the school takes active steps to promote safe use of the Internet, it recognises the possibility that students may accidentally or deliberately access inappropriate or objectionable material.

The school respects each family's right to decide whether or not to allow their children access to the Internet as defined by the school's Acceptable Use Policy.

Having read the terms of our school's Acceptable Use Policy, you may like to take a moment to consider how the Internet is used in your own home, and see if there is any way you could make it safer for your own family.

Yours Sincerely,

Jane Patterson  
Head of ICT

I have read the Acceptable Use Policy
